

Solar Regional Mitigation Strategies Workshop
September 10, 2014
Adams State College, Alamosa, CO
Workshop Evaluation Questionnaire

The BLM would like feedback regarding the usefulness of the topics discussed and the format of this workshop, so subsequent workshops can be organized to produce the most valuable information.

How helpful was each session in terms of informing you about the Colorado Solar Regional Mitigation Strategies: 1 – Very Useful; 2 – Okay; 3 – Not useful; N/A – Didn't attend/missed

Topic	Rating			N/A
Day 1:	1	2	3	
Introduction and Purpose of Workshop				
Landscape Approach, Solar Regional Mitigation Strategy (SRMS) Objectives and Process				
Relation of SRMS to Rio Grande del Norte Monument Planning				
General Overview of Colorado SEZs, Baseline Conditions, and Data Sources				
Potential Impacts of Solar Development on Resources in Colorado SEZs				
Review of Mitigation Hierarchy and Define Unavoidable Impacts				
Facilitated Group Discussion on Unavoidable Impacts at SEZs				
Summary of Facilitated Group Discussions				
Overview of Landscape Assessment, Ecoregional Conditions and Trends				
Next Steps				

1. Please provide details on the above session ratings if needed. If you think a session was not useful, please provide additional input to explain the reason(s) for your evaluation.
2. Did the information presented at this workshop provide you with a good understanding of the process that BLM is undertaking with respect to solar regional mitigation strategies? If not, on what aspects do you need more information?

3. Did the information presented at this workshop provide you with a good understanding of the resource areas with unavoidable impacts at the Antonito Southeast, De Tilla Gulch & Los Mogotes East SEZs? Please identify the potential impacts from solar energy development of greatest concern to you and/or your organization (please specify to which SEZ your concern applies).
4. Are there existing relevant data, studies, or models that should be used in developing the Colorado SEZ Solar Regional Mitigation Strategies & Landscape Assessment (in addition to data sources referenced in this workshop)?
5. How did you hear about this workshop? Do you have a preference regarding how you want to receive additional information about the CO Solar Regional Mitigation Strategies & Landscape Assessment in the future?
6. Please comment on the likelihood that you (or another representative from your organization) will participate in future webinars and/or workshops related to the development of the Colorado Solar Regional Mitigation Strategies & Landscape Assessment.
7. Other Comments
